MCM Solutions for Better Health Celebrates 25th Anniversary

Chicago, IL - This month marks the 25th anniversary of MCM Solutions for Better Health. MCM is an independent, national leader in the provision of population health and care management services. Founded in June 1986 by the current President, Michael J. O'Connor, MCM provides its members and partners "Solutions for Better Health" tailored to meet the challenges of today's market.

Founder and President Michael J. O'Connor commented on the 25th anniversary, "This quarter-of-a-century milestone attests to MCM's success in offering high-quality, cutting edge solutions and is due in no small part to MCM's ability to always focus on meeting and exceeding the expectations of our client partners and the members we both serve. This would not be possible without the fantastic people who comprise our team; from senior management to administrative staff, from clinical to sales and client service we all share a common mission. I have had the privilege of working with some truly remarkable people over the years and believe we have the best of the best on our team."

MCM has been a pioneer in providing Third Party Administrators, Taft-Hartley Health & Welfare Funds, Stop Loss Carriers and Health Networks innovative [risk identification](#) and assessment tools combined with population health management solutions across the [care management](#) continuum. Our sophisticated clinical data system incorporates a patient centric model with state of the art criteria as well as normative case mix adjusted data resulting in documented cost savings and a healthier work force. O'Connor continued, "I want to especially thank our client partners who have been with us from early on as well as those who have recently joined us. Together I look forward to another 25 years of Better Health!"
